## Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 21-39 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "somewhat" used throughout the claims (see for example claim 21 lines 11,13,17,22,26 is a relative term, which renders the claim indefinite. The term "somewhat" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

In claim 21 line 26, "a somewhat cyclonic or anticyclonic motion" lacks proper antecedent basis because antecedent basis has been established for "a somewhat cyclonic or anticyclonic motion" in line 22 and it is unclear if applicant is attempting to establish antecedent basis for a different somewhat cyclonic or anticyclonic motion, or referring to that set forth in line 22. Similarly, in claim 35 lines 9-10, "a somewhat horizontal axis" lacks proper antecedent basis.

In claim 22 line 11, "the forward part" lacks proper antecedent basis. In claim 34 lines 10 & 12, "the speed and direction" lacks proper antecedent basis.

## Allowable Subject Matter

Claims 21-39 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

## Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
